University Projects

Lost Treasure ([GitHub](#))

Islamic University of Technology

- A hidden object-finding game based on our very own IUT campus. Get a tour of the campus mixed with a fun story and gameplay. It is a Game built-in IntelliJ with the language of Java, Using JAVA Swing for UI, and without FrameWork.
- Technical Skills:** Java, Java Swing, IntelliJ, Oracle.

August 2022 - Dec 2022

AgriGo ([GitHub](#))

Islamic University of Technology

- There is no platform for agriculture producers and consumers to reach each other directly. Our Project is a Business to Business (B2B) online platform that deals with the purchase and sale of wholesale agricultural produce.
- Technical Skills:** React-JS, SCSS, MongoDB, Node-Js.

January 2023 - May 2023

Class Booking System ([GitHub](#))

Islamic University of Technology

- This is a Classroom Booking System. As we all know, we have to shift our classes or have to allocate room for quizzes. But it isn't easy to find free classrooms. So we are making a system where users can view all the classrooms within the institution and check which classrooms are free and which are booked.
- Technical Skills:** HTML 5, CSS 3, JavaScript, MySQL, PHP

March 2023 - June 2023

Skills

Web Development Frontend

HTML 5, CSS 3, SCSS, React-JS, JavaScript.
